OneNKY Frankfort Hosts Successful Reception ***Northern Kentucky Community Celebrates Gubernatorial Inauguration in partnership with OneNKY Alliance, CVG, Kentucky Chamber and NKY Chamber***

Frankfort, KY – OneNKY Frankfort, located at 418 Capital Avenue, was the site for a reception to celebrate the inauguration of Kentucky Governor Andy Beshear and Lt. Governor Jacqueline Coleman as they took their oaths of office just a few blocks away at the statehouse on Tuesday, December 12.

The facility opened in 2020 and is utilized for events, meetings and co-working space for community and business leaders as a way to create brand and presence for Northern Kentucky in Frankfort. Monument signage complementing the OneNKY location at 418 Capital Avenue was unveiled earlier this year. It is the only region in Kentucky to have strong presence on Capital Avenue and in Frankfort through a physical location.

OneNKY Frankfort is an initiative of OneNKY Alliance and member company, St. Elizabeth Healthcare, and sponsors to strategically position Northern Kentucky legislators, decision makers, and stakeholders for unified success.

“It is critical that we have a strong presence in Frankfort through relationships with our policy makers and that our community can showcase its unity, brand and voice through the OneNKY Frankfort facility,” said OneNKY President & CEO Karen Finan. “We are appreciative of the joint sponsorship with CVG, the Kentucky Chamber and the Northern Kentucky Chamber for this exciting event!”

More than 110 people attended the event, with the Inaugural parade route running directly in front of the OneNKY Frankfort facility. Guests were readily able to walk to the statehouse for the Inauguration itself.
